

innovation in solid surfaces

Setting new standards in surface aesthetics

The polyester solid surface range by Avonite Studio Collection has immense aesthetic appeal with rich materials inspired by glass and precious metals.

The range has the added benefit of containing up to 40% recycled content.

All décor codes indicated with * are heavily pigmented colours and are prone to show scratches, dust, haziness and ordinary wear and tear more easily than lighter textured décors. These are not recommended for use in residential or commercial applications that will be subject to heavy use. Ensure you are aware of the overall look (including edge detail) of the product prior to purchase and fabrication of the sheets. Please confirm with us if your product falls within these categories. We reserve the right to change the product specification without prior notification. All sizes are nominal. E&OE.

Surface performance meets endless design capabilities

The acrylic solid surface range, by Avonite Foundations offers innovative designs and unrivalled product performance. It is suitable for both domestic and commercial applications – from kitchen worksurfaces in a residential environment to reception desks, vanity units, bar tops and wall linings in a vast array of commercial projects.
